MEMORANDUM FOR: Colonel White

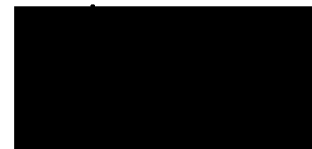

SUBJECT : Proposed Regulation , Conduct of Agency Employees on Foreign Duty

1.  received the attached proposed regulation covered by a memo from  which indicates that General Cabell reviewed and changed the regulation as indicated in ink on the attachment.
2. He has further requested that this receive expeditious coordination, with a view to early publication.
3. I discussed this at some length with  and we feel that in view of the nature of the material, it might be appropriate to ask for comments <sup>only</sup> from the Heads of the six Major Components and forward only one copy to each of them.
4. It is also obvious from a casual reading that considerable editing should be done prior to coordination, however, we hesitate to do this in view of General Cabell's personal interest and prior detailed review.
5. Could you find a minute to talk to George about this tomorrow morning so that necessary action can be taken during your absence?

*I don't think Gen. Cabell wants  
 object to comments by anyone who wants  
 to make them. Transmitted memo  
 however showed indicates he has tentatively  
 approved and coordinates should  
 be expedited*
